Well, I'm gonna make a beeline

Just a ten minute stroll along one-eighty-one

A place with plenty of distraction

But where you can choose your own reaction.

With no concern at all about making the cut

A

D

I'm a dim and smiling mutt.

An illuminating fun day.

D

Now that my marriage was just a put-on,

There are few things I can count on:

The smell of roasted coffee and fresh bait from the shop.

And since the D E P has weakened

Up its laws, the lake has deepened.

Got my rudder all fixed up

G

A

D

Now, I'm all ready to ride with the wind at my side.

## SECOND CHORUS:

A

'Cause it's a mighty fine Sunday.

Em7

And that can only mean "fun day."

G

D

And it only takes one day on the north shore.

A

There'll be three or four ale rounds

Em7

With my buddies from the next town.

G

You can always find common ground on the north shore.
